

SKETCH OF J. R. KANTOR'S PSYCHOLOGICAL INTERBEHAVIORAL FIELD THEORY

Dennis J. Delprato
Eastern Michigan University

Noel W. Smith
State University of New York at Plattsburgh

We provide a sketch of J. R. Kantor's (1959, 1971) psychological interbehavioral field (IBF) theory by identifying 9 essential points and briefly discussing each. The main emphasis of this sketch is on the foundation of Kantor's thinking, the IBF. Suggestions for further study are provided.

Keywords: interbehavioral psychology, interactional history, psychological events, interdependent events, interbehaviorism, J. R. Kantor, field theory, theory
